

To whom it may concern

I have worked with Dale Kopping the Founder / Editor of DK Expressions™ for the past year in a professional capacity and he has been beyond professional and most accommodating when accredited for any of the events we have managed like the “WE ARE ONE colour festival” “SOWING THE SEEDS” “SNOOP DOGG” “COMIC CHOICE AWARDS 2013” and “VODACOM IN THE CITY” just to name a few.

I highly recommend associating any brand with DK Expressions™ as Dale is always willing to go the extra mile and bring out the best of any event whether it is via his Social Media Platforms or even just visually.

Dale keeps abreast of all trends and also provides great feedback and willingness to work alongside anyone for the best possible results.

Should you require any further information please contact me.

Kind Regards
