To whom it may Concern:

I have been working with Dale Kopping from DK Expressions for the past 4 years as a photojournalist accredited to take pictures at Big Concerts events. In the past two years he has covered all the biggest international tours in South Africa. Additionally Dale covers all our event news and has also attended various CSI initiatives we have set up on behalf of clients.

I can highly recommend Dale as he is committed, passionate and dedicated to his craft and has been extremely reliable on all the projects we have worked on and the Nikon sponsorship will truly be beneficial for both parties concerned

I trust you find the above recommendation favourable

Best wishes
